

LINEAR VOICE COIL
CLOSED-ENDED ACTUATOR

Compensating coil MMF (Ampere-turns) vs. stroke
at constant force of a closed-ended linear voice coil actuator

Fig. 3

Core compensating coil MMF (Ampere-turns)
vs. stroke at constant force of a closed-ended actuator

Fig. 4

Force vs. stroke at different compensating MMF (A-T) values
of a closed-ended linear voice coil actuator

Fig. 5
